Welcome to the Delaware Law Legal Education Institute

To our current and prospective students:

A college degree is an important investment in any individual’s life and we are excited you have selected the Legal Education Institute Program (LEI) at Delaware Law School to pursue your educational goals. Delaware Law School is committed to providing our students with the information that will allow them to be a well educated consumer in making important decisions to finance their legal education.

You will be billed for your tuition and fees prior to each semester. The amount of the semester bill will vary and is based on your program, number of credits, and type of course. You will be billed electronically through Widener’s student portal, Campus Cruiser. How you will pay this bill when it is posted is going to depend on your individual situation. You may plan to pay out of your current resources, use scholarship and/or grant funding; borrow educational loans, or a combination of these options.

This publication highlights pertinent information about the financial aid process, outlines types of aid available, and provides you with our application procedures as well as a calendar of financial aid deadlines. You will also find information on average costs and satisfactory academic progress requirements. It is designed to provide you with answers to the most frequently asked questions concerning financial aid at Widener University Delaware Law School. This booklet is updated annually to provide you with the most current information available.

If you have questions after reviewing this book, please contact the Financial Aid Office.

Sincerely,

The Financial Aid Office
Widener University Delaware Law School
What Financial Aid Resources are Available?

**Federal Aid**

**What is Federal aid?**
Federal aid is financial assistance given to eligible students to help pay for educational expenses at an eligible postsecondary school. Federal student aid helps cover expenses such as tuition and fees, room & board, books and supplies, personal expenses, and transportation.

There are three categories of federal student aid: grants, work-study, and loans.

**Grants**
All federal grants are awarded to students with financial need. Grants do not have to be repaid.

**Federal Pell Grant**
- Pell Grants are awarded to undergraduate students who have not earned a bachelor’s degree.
- Awards are based on the results of your FAFSA. The maximum award for the academic year of 2016-2017 is $5,815 for full time students.
- Lifetime Pell Grant eligibility is limited to 600% usage.

**Federal Supplemental Educational Opportunity Grant (SEOG)**
- FSEOG is a federal grant administered by the University.
- This grant is awarded to undergraduate students demonstrating exceptional need.
- Priority is given to Federal Pell Grant recipients.

**Federal Work-Study Program**
Under the Federal Work Study Program (FWSP), eligible students work on or off campus for any public or private non-profit organization or government agency. Students may work up to 15 hours per week during regular school periods and up to 25 hours per week during vacation periods. Eligibility is based on demonstration of sufficient financial need and availability of funds.

(Note: Off-campus employment may involve a financial commitment by the employer. The commitment consists of a percentage of wages earned by the student during the period of employment.)
What Are My Loan Options?

Student loans, unlike grants and work-study, are borrowed money that must be repaid with interest. Loans are legal obligations, so before you borrow a student loan, consider the amount of debt incurred and your repayment responsibilities.

Federal Direct Subsidized Stafford Loan
- The U.S. Department of Education pays the interest while the borrower is in school and during deferment periods.
- The award amount is determined by the student’s grade level and financial need eligibility.
- A student may borrow up to 150% of their program length.
- Subsidized loans disbursed between July 1, 2015 and June 30, 2016 (a period of one year) have a fixed interest rate of 4.29%. The interest rate for the 16-17 academic year will be fixed in June, 2016.

Federal Direct Unsubsidized Stafford Loan
- Interest on these loans begins to accrue at disbursement. Students have the option of paying interest on a quarterly basis or allowing interest to accrue and be capitalized to principle upon entering repayment.
- Interest rate is fixed at 4.29% for loans disbursed between July 1, 2015 and June 30, 2016. The interest rate for 16-17 will be set in June, 2016.

Loan Fees
- Origination fee is 1.068% for loans disbursed after October 1, 2015.

Federal Direct Stafford Loan Charts
The answers on your FAFSA will determine your dependency status. Maximum amounts are outlined below.

### Dependent Students

<table>
<thead>
<tr>
<th>Dependent Undergraduate</th>

</tr>
<tr>
<td>Aggregate Loan Limits</td>
<td>$23,000</td>
<td>$57,500</td>
</tr>
</tbody>
</table>

### Federal Direct Plus Loan Program
(for dependent students ONLY)
- Parents of dependent students who are enrolled at least half-time in a degree granting program may borrow up to the cost of attendance per child minus any other financial aid.
- The interest rate is fixed at 6.84% for loans disbursed between July 1, 2015 and June 30, 2016.
- Repayment begins immediately following disbursement, although forbearances are available that can delay the start of repayment.
Financial Aid Resources

State Aid
State aid is based on the student’s state of permanent residence by completing the FAFSA application and is typically need based. Some state agencies will permit funds to be used for attendance at out-of-state institutions in “reciprocal states” including: Pennsylvania, Delaware, District of Columbia, Massachusetts, Ohio, Rhode Island, Vermont, and West Virginia.

Pennsylvania State Grant (PHEAA)
- Application deadline is May 1.
- Recipients must be enrolled at least half time and pursing their first bachelor’s degree.

Delaware Scholarship Incentive Program
- Application deadline is April 15.
- Recipients must maintain a minimum of twelve credits per semester and at least a 2.5 cumulative grade point average.

State of Delaware Grants
The state of Delaware has additional grant programs that you may be eligible for if you meet certain qualifications. More information is available from the Delaware Higher Education Office online at: http://dedoe.schoolwires.net/page/316

Institutional Aid
All students are considered for institutional aid. Awards are determined by the University based on the criteria below and on available resources for the academic year.

LEI Grants
- Grants are awarded annually to individuals who are enrolled in the Legal Education Institute (LEI) to further their education and become a member of the legal community.
- The Grant recipients must demonstrate financial need and the ability to achieve academically.

LEI Scholastic Excellence Scholarship
- Awarded to students entering the LEI program
- The scholarship recipients must demonstrate prior academic excellence.

Private Alternative Loan Programs
These loans are non-need based. Credit worthy applicants can utilize the funds to assist them in paying expenses not covered through other financial aid. A student may generally borrow up to the cost of attendance minus all other aid received. Many lenders charge a front-end and/or back-end fee to borrow the loan, therefore, it is important for the borrower to be informed of the interest rate and the fee structure before choosing a lender. Students should always exhaust their options for federal loans before considering private loans.

Outside Scholarships
The extent of outside scholarship information available on-line is staggering. Reliable resources should never request a student to pay a fee.

Please check on-line for updates. A reliable resources is www.fastweb.com
Important Information

Satisfactory Academic Progress
To receive and remain eligible for Federal Title IV and institutional financial aid, students must progress toward the completion of their program of study at a rate that will ensure graduation in a reasonable length of time. Widener University Legal Education Institute has established a policy that measures academic progress both quantitatively (credit hours) and qualitatively (grades) at the end of the academic year for Bachelor and Associate degree candidates and at the end of each semester for certificate students.

Students must meet the following minimum academic progress to receive Federal Pell Grant, Federal SEOG, Federal Work Study, Federal Perkins, Federal Direct Stafford loans, Federal Plus, and Widener Institutional funds.

Quantitative Measurement
Students must successfully complete a minimum of 67 percent of the total credits attempted while enrolled at Widener University. Successful completion is based on the percentage of total (cumulative) credit hours attempted compared to the total credit hours completed. Earned credits for a course cannot be counted more than once. Grades of “I” (incomplete), “W” (withdrawal), “F” (failure), “NP” (no pass), and “Z” (no grade submitted) count as credits attempted but do not count as credits completed.

Qualitative Measurement
Undergraduate students must achieve the following minimum cumulative grade point average (GPA):

<table>
<thead>
<tr>
<th>Credit Hours Completed</th>
<th>Minimum Cum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>15.5 or less</td>
<td>1.70</td>
</tr>
<tr>
<td>16 to 30.5</td>
<td>1.80</td>
</tr>
<tr>
<td>31 to 61.5</td>
<td>1.90</td>
</tr>
<tr>
<td>61 &amp; above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Monthly Payment Plan
Under the Widener University payment plan students have the option to spread their overall charges for the summer, fall and spring semesters over 3 or 4 payments per semester. Please contact the Office of Bursar in Delaware, (302) 477-2181 for more detailed information or visit them on-line at http://delawrelaw.widener.edu

Debt Management
Widener University Delaware Law School recommends that students make conscious decisions when financing their educational endeavors. Students should attempt to keep their undergraduate loan debt to a minimum by borrowing only what is needed.

There are several good resources available online to assist you with planning how to finance your education. These websites offer information on educational programs, advice on money management, college costs, and loan repayment calculators:

How Do I Apply For Financial Aid?

Steps to Completing the Financial Aid Process

1. Complete the Free Application for Federal Student Aid (FAFSA) at [http://www.fafsa.ed.gov](http://www.fafsa.ed.gov). In order to fill out the FAFSA you will need a copy of your 2015 Federal Tax Return or use the IRS Data Retrieval Tool that is available within the 2016-2017 FAFSA. Widener University Delaware Law School federal code B04724.

3. New Students: Complete a Federal Direct Subsidized/Unsubsidized Stafford Loan Master Promissory Note (MPN) and Entrance Counseling at [https://studentloans.gov](https://studentloans.gov), if you wish to borrow federal loan funds. Our school code is E01803.

4. If you have been selected for verification, check to make sure you used the IRS Data Retrieval Tool in the FAFSA, if no, submit a signed copy of your 2015 federal income tax transcript & your accompanying W-2’s, in addition to the Verification Worksheet that will be provided for you by the school. Your aid will not be processed until this process is completed.

5. Students intending to take summer classes will also need to submit a Summer Intent Form. Available from our website at [http://www.widener.edu/lawfinaid](http://www.widener.edu/lawfinaid).

6. If additional funding is required to cover tuition and/or living expenses:
   
   A. Parents of Dependent Students can apply for additional funding through the Federal Direct Plus Loan Program at [https://studentloans.gov](https://studentloans.gov).
   
   B. Independent Students & dependent students can seek additional funding through Private Alternative Loan sources (however, they are not recommended unless all federal funds available have been utilized).

Recommendations to Navigate the Process

Be organized. Keep record of all documents including tax returns, FAFSA’s confirmation page (SAR), scholarship applications, etc.

Be involved in the active pursuit of funds to finance your legal education. Pursue outside scholarship opportunities and utilize internet resources to minimize your debt level.

Make sure to meet the priority deadline for your state of residency.

If selected for a process called verification, please provide requested documentation immediately to the Financial Aid Office to avoid any delays in processing your aid. Examples of documentation could include signed copies of 2015 Federal Tax Transcript requested from the IRS, completion of a Verification Worksheet and/or verification of High School completion. A written explanation must be submitted to the office if the federal income tax return will not be filed or will be filed late.

Returning Students

Returning students should apply by April 28 to be considered for Federal Work-Study.

LATE FILERS (students who apply after the priority deadline) will still be considered for institutional based aid after all files completed before the deadline have been reviewed. Assistance will only be awarded if funding is still available.

Incoming Students

The May 1 deadline does not apply to incoming students. Applicants must be accepted by the Office of Admissions before the Financial Aid Office will review their FAFSA. Due to limited funding, it is recommended applicants complete the financial aid process as early as possible.
How is My Aid Determined?

Cost of Attendance
The cost of attendance is based on a combination of billed expenses and indirect expenses. Billed expenses include tuition & fees. Estimated indirect expenses include: room & board, transportation to campus, books & supplies needed for coursework, and personal expenses.

To compute the standard cost of attendance, the Financial Aid Office determines the projected costs of room, board, transportation and other reasonable expenses. When appropriate, adjustments are made regarding dependent children care. After the student's total cost of living for an academic year is computed, the annual cost of education, comprised of tuition and fee charges and the estimated cost of books, materials and supplies is calculated. The student's cost of living is added to his or her cost of education, to determine the student's total academic year cost of attendance (COA).

Cost of Attendance Appeals
The COA is used to determine financial aid eligibility. Individual budgets may be altered to account for unusual or emergency situations that a student may encounter. Adjustments can only be made to expenses necessary for the student's education.

The student must submit a letter explaining the appeal in addition to supporting documentation to the Financial Aid Office.

The figures below are the standard costs for the 2016/2017 academic year for students enrolled in the Bachelor's degree program at the Legal Education Institute.

**Tuition is based on 6 LEI credits & 6 CE credits
How is My Aid Determined?

What is Need?
A large proportion of financial aid programs are restricted to students who demonstrate "FINANCIAL NEED." A student's eligibility for Federal SEOG, Federal Stafford Subsidized loans and Federal Work Study are limited to their computed "Financial Need".

To determine a student's financial need, and their exceptional financial need, the Office of Financial Aid analyzes the student's financial resources and expenses. The primary instrument used to obtain this information is the Free Application for Federal Student Aid (FAFSA).

Need is determined by subtracting the Expected Family Contribution (EFC) from the Institution's COA.

<table>
<thead>
<tr>
<th>Cost of Attendance</th>
<th>-Expected Family Contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Financial Need</td>
<td>$23,421</td>
</tr>
</tbody>
</table>

Example:

LEI COA Full-time Commuter $24,533*
Expected Family Contribution - 1,112
Financial Need $23,421

*Based on 2016-2017 COA

Parents of dependent students have the option to borrow up to the total of unmet need plus EFC. Independent students have the option to borrow additional Direct Unsubsidized Stafford Loan funds. The amount depends on a student's grade level.

When students apply for and receive financial aid, the aid is awarded in the form of a package based on the Financial Need analysis. The package is generally a combination of scholarships, loans, and work-study that fit together to cover all or part of a student's financial need.

Example:

<table>
<thead>
<tr>
<th>Federal Pell Grant</th>
<th>$ 2,314</th>
</tr>
</thead>
<tbody>
<tr>
<td>Federal SEOG</td>
<td>400</td>
</tr>
<tr>
<td>Stafford Loan</td>
<td>5,500</td>
</tr>
<tr>
<td>PA State Grant*</td>
<td>500</td>
</tr>
<tr>
<td>Total Aid Package</td>
<td>$ 8,714</td>
</tr>
</tbody>
</table>

Unusual Circumstance Appeal
If the information provided on the FAFSA application does not reflect the student or parent's current situation the applicant may be eligible to submit a letter of appeal with supporting documentation to the Financial Aid Office to be considered for additional resources or adjustments in funding.
